FINAL ROUND

HAND SOLDERING COMPETITION

JULY 30, HOTEL TAJ YESWANTPUR, BENGALURU, INDIA

MEMBERS PARTICIPATED

WINNER

“

Competing with professionals at the national level was a great learning experience at IPC HSC. It was very well organized & professionally conducted.

This win has made me even more passionate about striving for excellence. The trophy represents all the hard work, practice, and determination it took to get here. Winning has given me a big confidence boost and makes me feel that my hard work and learning during my day-to-day practice at Barco has paid off. It's a big step in my career and I will put the best of my efforts into winning at International HSC.

I'm very grateful to IPC for organizing such a prestigious competition and to the mentors at Barco for their guidance and support.

”
